

Upcoming WFCO Virtual Technical Training Seminars

During the class, your team will receive WFCO Technical Training on:
The Power Pro™ Voice Activated RV Control System

This is a Level 3 RVTI Accredited Training-providing participants 2 hours of credit for a 90-minute class covering Logic Control Systems & Control Area Networks (CAN).

The Training will cover the following:

- * Power Pro™ Panel Functions
 - * Voice Functions
- * Mobile App Functions
 - * Set-up Mode
 - * Troubleshooting
 - * OTA Processes
- * Wiring the System...and much more.

Tuesday, May 20th @ 1 pm (EST)
