

Basic Command	Command Variation 1	Command Variation 2	Command Variation 3	Command Variation 4	Command Variation 5	Command Variation 6	Command Variation 7	Command Variation 8	Command Variation 9	Command Variation 10
Turn on Light 1	Light one on	Turn on light zone one	Switch on light one	Flip on light one	Turn zone one on	Turn on zone one lights	Zone one on	Turn light one on	Switch light one on	Flip light one on
Turn off Light 1	Light one off	Turn off light zone one	Switch off light one	Flip off light one	Turn zone one off	Turn off zone one lights	Zone one off	Turn light one off	Switch light one off	Flip light one off
Turn on Light 2	Light two on	Turn on light zone two	Switch on light two	Flip on light two	Turn zone two on	Turn on zone two lights	Zone two on	Turn light two on	Switch light two on	Flip light two on
Turn off Light 2	Light two off	Turn off light zone two	Switch off light two	Flip off light two	Turn zone two off	Turn off zone two lights	Zone two off	Turn light two off	Switch light two off	Flip light two off
Turn on Light 3	Light three on	Turn on light zone three	Switch on light three	Flip on light three	Turn zone three on	Turn on zone three lights	Zone three on	Turn light three on	Switch light three on	Flip light three on
Turn off Light 3	Light three off	Turn off light zone three	Switch off light three	Flip off light three	Turn zone three off	Turn off zone three lights	Zone three off	Turn light three off	Switch light three off	Flip light three off
Turn on Light 4	Light four on	Turn on light zone four	Switch on light four	Flip on light four	Turn zone four on	Turn on zone four lights	Zone four on	Turn light four on	Switch light four on	Flip light four on
Turn off Light 4	Light four off	Turn off light zone four	Switch off light four	Flip off light four	Turn zone four off	Turn off zone four lights	Zone four off	Turn light four off	Switch light four off	Flip light four off
Light 1 100%	Brighten light zone one	Brigthen light one	Brighten up light zone one	Turn light zone one up	Turn up light zone one	Turn up light one	Increase light zone one	Increase light one	More light in zone one	Brigther light in zone one
Light 2 100%	Brighten light zone two	Brigthen light two	Brighten up light zone two	Turn light zone two up	Turn up light zone two	Turn up light two	Increase light zone two	Increase light two	More light in zone two	Brigther light in zone two
Light 3 100%	Brighten light zone three	Brigthen light three	Brighten up light zone three	Turn light zone three up	Turn up light zone three	Turn up light three	Increase light zone three	Increase light three	More light in zone three	Brigther light in zone three
Light 4 100%	Brighten light zone four	Brigthen light four	Brighten up light zone four	Turn light zone four up	Turn up light zone four	Turn up light four	Increase light zone four	Increase light four	More light in zone four	Brigther light in zone four
Turn on Kitchen Lights	Kitchen lights on	Turn the kitchen lights on	Turn kitchen lights on	Flip on kitchen lights	Switch on the kitchen lights	Turn on lights in the kitchen	Turn the lights on in the kitchen	Switch on kitchen lights	Switch kitchen lights on	Turn on the kitchen lights
Turn off Kitchen Lights	Kitchen lights off	Turn the kitchen lights off	Turn kitchen lights off	Flip off kitchen lights	Switch off the kitchen lights	Turn off lights in the kitchen	Turn the lights off in the kitchen	Switch off kitchen lights	Switch kitchen lights off	Turn off the kitchen lights
Turn on Bedroom Lights	Bedroom lights on	Turn the bedroom lights on	Turn bedroom lights on	Flip on bedroom lights	Switch on the bedroom lights	Turn on lights in the bedroom	Turn the lights on in the bedroom	Switch on bedroom lights	Switch bedroom lights on	Turn on the bedroom lights
Turn off Bedroom Lights	Bedroom lights off	Turn the bedroom lights off	Turn bedroom lights off	Flip off bedroom lights	Switch off the bedroom lights	Turn off lights in the bedroom	Turn the lights off in the bedroom	Switch off bedroom lights	Switch bedroom lights off	Turn off the bedroom lights
Turn on Living Room Lights	Living room lights on	Turn the living room lights on	Turn living room lights on	Flip on living room lights	Switch on the living room lights	Turn on lights in the living room	Turn the lights on in the living room	Switch on living room lights	Switch living room lights on	Turn on the living room lights
Turn off Living Room Lights	Living room lights off	Turn the living room lights off	Turn living room lights off	Flip off living room lights	Switch off the living room lights	Turn off lights in the living room	Turn the lights off in the living room	Switch off living room lights	Switch living room lights off	Turn off the living room lights
Turn on Bathroom Lights	bathroom lights on	Turn the bathroom lights on	Turn bathroom lights on	Flip on bathroom lights	Switch on the bathroom lights	Turn on lights in the bathroom	Turn the lights on in the bathroom	Switch on bathroom lights	Switch bathroom lights on	Turn on the bathroom lights
Turn off Bathroom Lights	bathroom lights off	Turn the bathroom lights off	Turn bathroom lights off	Flip off bathroom lights	Switch off the bathroom lights	Turn off lights in the bathroom	Turn the lights off in the bathroom	Switch off bathroom lights	Switch bathroom lights off	Turn off the bathroom lights
Turn on Exterior Lights	Exterior lights on	Turn on lights in the exterior	Turn exterior lights on	Flip on exterior lights	Switch on the exterior lights	Turn the outside lights on	Turn the lights on outside	Switch on exterior lights	Switch exterior lights on	Turn on the exterior lights
Turn off Exterior Lights	Exterior lights off	Turn off lights in the exterior	Turn exterior lights off	Flip off exterior lights	Switch off the exterior lights	Turn the outside lights off	Turn the lights off outside	Switch off exterior lights	Switch exterior lights off	Turn off the exterior lights
Kitchen Lights 100%	Brighten kitchen lights	Brigthen the kitchen lights	Brighten up the kitchen	Turn the kitchen lights up	Turn up the kitchen lights	Turn up kitchen lights	Increase the kitchen lights	Increase kitchen lights	More light in the kitchen	Brigther light in the kitchen
Bedroom Lights 100%	Brighten bedroom lights	Brigthen the bedroom lights	Brighten up the bedroom	Turn the bedroom lights up	Turn up the bedroom lights	Turn up bedroom lights	Increase the bedroom lights	Increase bedroom lights	More light in the bedroom	Brigther light in the bedroom
Living Room Lights 100%	Brighten living room lights	Brigthen the living room lights	Brighten up the living room	Turn the living room lights up	Turn up the living room lights	Turn up living room lights	Increase the living room lights	Increase living room lights	More light in the living room	Brigther light in the living room
Bathroom Lights 100%	Brighten bathroom lights	Brigthen the bathroom lights	Brighten up the bathroom	Turn the bathroom lights up	Turn up the bathroom lights	Turn up bathroom lights	Increase the bathroom lights	Increase bathroom lights	More light in the bathroom	Brigther light in the bathroom
All Lights On	Turn all of the lights on	Turn on all lights	Switch on all lights	Flip on all lights	Turn up all lights	Turn on all light zones	Turn on all of the lights	Turn all lights on	Switch all lights on	Turn on all of my lights
All Lights 100%	Brighten all lights	Brigthen all light zones	Brighten up all lights	Turn all lights up	Turn up all lights	Turn up all light zones	Increase all lights	Increase all light zones	Light up the RV	Full brightness
All Lights Off	Turn all of the lights off	Turn off all lights	Switch off all lights	Flip off all lights	Turn down the lights	Turn off all light zones	Turn off all of the lights	Turn all lights off	Switch all lights off	Turn off all of my lights
Reading Mode	I'm going to read	I'd like to read	Time to read	Reading mood lighting	Reading mood	It's time to read	I want to read	Adjust to reading mode	Change lights to reading mode	It's reading time
Movie Mode	I'm going to watch TV	Adjust to movie mode	Let's watch a movie	Change lights to movie mode	Movie mood	I'd like to watch a movie	I'd like to watch TV	Movie mood lighting	I'm going to watch a movie	It's time to watch a movie
Relaxation Mode	I'd like to relax	Time to relax	Let's relax	Time to unwind	Turn down the lights	I want to relax	Adjust to relaxation mode	It's time to relax	I'd like to unwind	Change lights to relaxation mode
Turn on Water Pump	Water pump on	Pump on	Turn water pump on	Turn pump on	Start water pump	Turn on the water pump	Switch pump on	Switch on water pump	Turn the water pump on	Turn on pump
Turn off Water Pump	Water pump off	Pump off	Turn water pump off	Turn pump off	Stop water pump	Turn off the water pump	Switch pump off	Switch off water pump	Turn the water pump off	Turn off pump
Turn on Electric Water Heater	Electric water heater on	Turn the electric water heater on	Turn electric water heater on	Turn on the electric water heater	Start electric water heater	Start the electric water heater	Switch the electric water heater on	Switch on electric water heater	Switch electric water heater on	Switch on the electric water heater
Turn off Electric Water Heater	Electric water heater off	Turn the electric water heater off	Turn electric water heater off	Turn off the electric water heater	Stop electric water heater	Stop the electric water heater	Switch the electric water heater off	Switch off electric water heater	Switch electric water heater off	Switch off the electric water heater
Turn on Gas Water Heater	Gas water heater on	Turn the gas water heater on	Turn gas water heater on	Turn on the gas water heater	Start gas water heater	Start the gas water heater	Switch the gas water heater on	Switch on gas water heater	Switch gas water heater on	Switch on the gas water heater
Turn off Gas Water Heater	Gas water heater off	Turn the gas water heater off	Turn gas water heater off	Turn off the gas water heater	Stop gas water heater	Stop the gas water heater	Switch the gas water heater off	Switch off gas water heater	Switch gas water heater off	Switch off the gas water heater
Battery Level Check	How's the battery	What's the battery level	Battery level	Battery charge	How's my battery	Check battery	Is my battery charged	What is my battery level	What's my battery status	Check my battery level
Holding Tank Level	What are the holding tank levels	What is the holding tank level	How are my tanks	How are the holding tanks	How are the water tanks	Check holding tanks	Check tanks	Check tank level	Check holding tank level	Status of holding tanks
Fresh Water Tank Level	What's the level of my fresh tank	What's my fresh water level	Level of my fresh water tank	Level of my fresh tank	Level of the fresh water tank	Level of the fresh tank	How much fresh water do I have	Status of my fresh water tank	Fresh water status	Level of fresh water tank
Gray Tank Level	What's the level of my gray tank	What's my gray tank level	Status of gray tanks	Status of gray tanks	Level of the gray tanks	Level of gray tank	Gray water level	How full are the gray tanks	Level of the gray water tanks	Gray water status
Black Tank Level	What's the level of my black tank	What's my black tank level	Status of black tanks	Status of black tanks	Level of the black tanks	Level of black tank	black water level	How full are the black tanks	Level of the black water tanks	black water status
I'm Home	I'm back	We're home	I am home	I am home	I am back	We are home	We are back	I've returned	We've returned	I'm back home
Goodbye	I'm leaving	We're leaving	Time to go	We're off	I'm off	I'm going away	We're going away	I am leaving	We are leaving	Going away
Good Night	Time to sleep	Going to sleep	Time for bed	I'm ready for bed	It's time to sleep	It's bedtime	I'm going to sleep	Going to bed	I'm going to bed	Time for sleep
I'm Awake	I'm up	We're awake	We're up	I am up	I am awake	We are awake	We are up	Time to start the day	It's time to get up	Time to wake up
Shutdown RV	Turn off RV	Turn the RV off	Shutdown the RV	Turn off the RV	The trip is done	Our trip is done	The trip is over	Our trip is over	Shut off the RV	Shut the RV off
Turn on Tank Heater	Tank heater on	Tank heating on	Turn tank heater on	Turn the tank heater on	Start tank heater	Turn on the tank heater	Switch tank heater on	Switch on tank heater	Heat the tanks	Turn on tank heating
Turn off Tank Heater	Tank heater off	Tank heating off	Turn tank heater off	Turn the tank heater off	Stop tank heater	Turn off the tank heater	Switch tank heater off	Switch off tank heater	Stop heating the tanks	Turn off tank heating
Turn on Light 5	Light five on	Turn on light zone five	Switch on light five	Flip on light five	Turn zone five on	Turn on zone five lights	Zone five on	Turn light five on	Switch light five on	Flip light five on
Turn off Light 5	Light five off	Turn off light zone five	Switch off light five	Flip off light five	Turn zone five off	Turn off zone five lights	Zone five off	Turn light five off	Switch light five off	Flip light five off
Turn on Light 6	Light six on	Turn on light zone six	Switch on light six	Flip on light six	Turn zone six on	Turn on zone six lights	Zone six on	Turn light six on	Switch light six on	Flip light six on
Turn off Light 6	Light six off	Turn off light zone six	Switch off light six	Flip off light six	Turn zone six off	Turn off zone six lights	Zone six off	Turn light six off	Switch light six off	Flip light six off
Light 5 100%	Brighten light zone five	Brigthen light five	Brighten up light zone five	Turn light zone five up	Turn up light zone five	Turn up light five	Increase light zone five	Increase light five	More light in zone five	Brigther light in zone five
Light 6 100%	Brighten light zone six	Brigthen light six	Brighten up light zone six	Turn light zone six up	Turn up light zone six	Turn up light six	Increase light zone six	Increase light six	More light in zone six	Brigther light in zone six
Turn on Accent Light	Accent lights on	Turn the accent lights on	Turn accent lights on	Flip on accent lights	Switch on the accent lights	Turn the accent lighting on	Accent lighting on	Switch on accent lights	Switch accent lights on	Turn on the accent lights
Turn off Accent Light	Accent lights off	Turn the accent lights off	Turn accent lights off	Flip off accent lights	Switch off the accent lights	Turn the accent lighting off	Accent lighting off	Switch off accent lights	Switch accent lights off	Turn off the accent lights
Accent Lights 100%	Brighten accent lights	Brighten the accent lights	Brighten up the accent	Turn the accent lights up	Turn up the accent lights	Turn up accent lights	Increase the accent lights	Increase accent lights	More accent light	Brigther accent lights
Turn on Light 7	Light seven on	Turn on light zone seven	Switch on light seven	Flip on light seven	Turn zone seven on	Turn on zone seven lights	Zone seven on	Turn light seven on	Switch light seven on	Flip light seven on
Turn off Light 7	Light seven off	Turn off light zone seven	Switch off light seven	Flip off light seven	Turn zone seven off	Turn off zone seven lights	Zone seven off	Turn light seven off	Switch light seven off	Flip light seven off
Turn on Light 8	Light eight on	Turn on light zone eight	Switch on light eight	Flip on light eight	Turn zone eight on	Turn on zone eight lights	Zone eight on	Turn light eight on	Switch light eight on	Flip light eight on
Turn off Light 8	Light eight off	Turn off light zone eight	Switch off light eight	Flip off light eight	Turn zone eight off	Turn off zone eight lights	Zone eight off	Turn light eight off	Switch light eight off	Flip light eight off
Light 7 100%	Brighten light zone seven	Brigthen light seven	Brighten up light zone seven	Turn light zone seven up	Turn up light zone seven	Turn up light seven	Increase light zone seven	Increase light seven	More light in zone seven	Brigther light in zone seven
Light 8 100%	Brighten light zone eight	Brigthen light eight	Brighten up light zone eight	Turn light zone eight up	Turn up light zone eight	Turn up light eight	Increase light zone eight	Increase light eight	More light in zone eight	Brigther light in zone eight
Turn on Step Light	Step lights on	Turn the step lights on	Turn step lights on	Flip on step lights	Switch on the step lights	Turn the step lighting on	Step lighting on	Switch on step lights	Switch step lights on	Turn on the step lights
Turn off Step Light	Step lights off	Turn the step lights off	Turn step lights off	Flip off step lights	Switch off the step lights	Turn the step lighting off	Step lighting off	Switch off step lights	Switch step lights off	Turn off the step lights
Step Light 100%	Brighten step light	Brighten the step light	Brighten up the step	Turn the step light up	Turn up the step light	Turn up step light	Increase the step light	Increase step light	More step light	Brigther step light

Turn on Garage Light	Garage lights on	Turn the garage lights on	Turn garage lights on	Flip on garage lights	Switch on the garage lights	Turn on lights in the garage	Turn the lights on in the garage	Switch on garage lights	Switch garage lights on	Turn on the garage lights
Turn off Garage Light	Garage lights off	Turn the garage lights off	Turn garage lights off	Flip off garage lights	Switch off the garage lights	Turn off lights in the garage	Turn the lights off in the garage	Switch off garage lights	Switch garage lights off	Turn off the garage lights
Garage Lights 100%	Brighten garage lights	Brighten the garage lights	Brighten up the garage	Turn the garage lights up	Turn up the garage lights	Turn up garage lights	Increase the garage lights	Increase garage lights	More garage light	Brighter garage lights
Turn on Awning Light	Awning lights on	Turn the awning lights on	Turn awning lights on	Flip on awning lights	Switch on the awning lights	Turn the awning lighting on	Awning lighting on	Switch on awning lights	Switch awning lights on	Turn on the awning lights
Turn off Awning Light	Awning lights off	Turn the awning lights off	Turn awning lights off	Flip off awning lights	Switch off the awning lights	Turn the awning lighting off	Awning lighting off	Switch off awning lights	Switch awning lights off	Turn off the awning lights
Awning Light 100%	Brighten awning light	Brighten the awning light	Brighten up the awning	Turn the awning light up	Turn up the awning light	Turn up awning light	Increase the awning light	Increase awning light	More awning light	Brighter awning light
Turn on Bunk Light	Bunk lights on	Turn the bunk lights on	Turn bunk lights on	Flip on bunk lights	Switch on the bunk lights	Turn the bunk lighting on	Bunk lighting on	Switch on bunk lights	Switch bunk lights on	Turn on the bunk lights
Turn off Bunk Light	Bunk lights off	Turn the bunk lights off	Turn bunk lights off	Flip off bunk lights	Switch off the bunk lights	Turn the bunk lighting off	Bunk lighting off	Switch off bunk lights	Switch bunk lights off	Turn off the bunk lights
Bunk Lights 100%	Brighten bunk lights	Brighten the bunk lights	Brighten up the bunk	Turn the bunk lights up	Turn up the bunk lights	Turn up bunk lights	Increase the bunk lights	Increase bunk lights	More bunk light	Brighter bunk lights
Turn on Loft Light	Loft lights on	Turn the loft lights on	Turn loft lights on	Flip on loft lights	Switch on the loft lights	Turn on lights in the loft	Turn the lights on in the loft	Switch on loft lights	Switch loft lights on	Turn on the loft lights
Turn off Loft Light	Loft lights off	Turn the loft lights off	Turn loft lights off	Flip off loft lights	Switch off the loft lights	Turn off lights in the loft	Turn the lights off in the loft	Switch off loft lights	Switch loft lights off	Turn off the loft lights
Loft Lights 100%	Brighten loft lights	Brighten the loft lights	Brighten up the loft	Turn the loft lights up	Turn up the loft lights	Turn up loft lights	Increase the loft lights	Increase loft lights	More loft light	Brighter loft lights
Turn on Cargo Light	Cargo lights on	Turn the cargo lights on	Turn cargo lights on	Flip on cargo lights	Switch on the cargo lights	Turn the cargo lighting on	Cargo lighting on	Switch on cargo lights	Switch cargo lights on	Turn on the cargo lights
Turn off Cargo Light	Cargo lights off	Turn the cargo lights off	Turn cargo lights off	Flip off cargo lights	Switch off the cargo lights	Turn the cargo lighting off	Cargo lighting off	Switch off cargo lights	Switch cargo lights off	Turn off the cargo lights
Cargo Lights 100%	Brighten cargo lights	Brighten the cargo lights	Brighten up the cargo	Turn the cargo lights up	Turn up the cargo lights	Turn up cargo lights	Increase the cargo lights	Increase cargo lights	More cargo light	Brighter cargo lights
Turn on Galley Light	Galley lights on	Turn the galley lights on	Turn galley lights on	Flip on galley lights	Switch on the galley lights	Turn on lights in the galley	Turn the lights on in the galley	Switch on galley lights	Switch galley lights on	Turn on the galley lights
Turn off Galley Light	Galley lights off	Turn the galley lights off	Turn galley lights off	Flip off galley lights	Switch off the galley lights	Turn off lights in the galley	Turn the lights off in the galley	Switch off galley lights	Switch galley lights off	Turn off the galley lights
Galley Lights 100%	Brighten galley lights	Brighten the galley lights	Brighten up the galley	Turn the galley lights up	Turn up the galley lights	Turn up galley lights	Increase the galley lights	Increase galley lights	More galley light	Brighter galley lights
Turn on Dinette Light	Dinette lights on	Turn the dinette lights on	Turn dinette lights on	Flip on dinette lights	Switch on the dinette lights	Turn on lights in the dinette	Turn the lights on in the dinette	Switch on dinette lights	Switch dinette lights on	Turn on the dinette lights
Turn off Dinette Light	Dinette lights off	Turn the dinette lights off	Turn dinette lights off	Flip off dinette lights	Switch off the dinette lights	Turn off lights in the dinette	Turn the lights off in the dinette	Switch off dinette lights	Switch dinette lights off	Turn off the dinette lights
Dinette Lights 100%	Brighten dinette lights	Brighten the dinette lights	Brighten up the dinette	Turn the dinette lights up	Turn up the dinette lights	Turn up dinette lights	Increase the dinette lights	Increase dinette lights	More dinette light	Brighter dinette lights
All Lights 50%	Dim all lights	Dim all light zones	Dim down all lights	Turn all lights down	Turn down all lights	Turn down all light zones	Decrease all lights	Decrease all light zones	Dim the RV	Half brightness
Turn on Climate Control	Climate control on	Climate control system on	Turn climate control on	Turn the climate control on	Start climate control	Turn on the climate control	Switch climate control on	Switch on climate control	Turn the climate control system on	Turn on climate control system
Turn off Climate Control	Climate control off	Climate control system off	Turn climate control off	Turn the climate control off	Stop climate control	Turn off the climate control	Switch climate control off	Switch off climate control	Turn the climate control system off	Turn off climate control system
